How you'll make an impact

- As part of our team, you would be contributing to community-driven projects which are focused on removing roadblocks and empowering teams. Whether it's database provisioning, configuration, monitoring, maintenance, release management, migration, or decommissioning
- In this role, you could be exposed to industry-leading, enterprise technologies, including .Net, Java, Spring Boot, JavaScript, Pivotal Cloud Foundry, SQL Server, and more.
- You will be building solutions that will support advancing our target state architecture and align with our client's strategic vision.

What you'll bring to the team

- You should be a self-starting, motivated individual wanting to develop technical skills, and leadership skills and expand business knowledge.
- Studying Software Engineering, Computer Science or, related area
- Experience developing modern applications in at least one programming language (Java, Python, Go, Java script etc.)
- Experience collaborating on and/or managing code in a source code versioning system (Git, BitBucket, etc.)
- Experience in relational database such as Microsoft SQL Server, Oracle and MySQL
- Familiarity in Cloud Computing is considered an asset

Application Instructions

- Please submit a resume
- We are unable to accept students who now, or in the future, would require visa sponsorship.

About Manulife and John Hancock

Manulife Financial Corporation is a leading international financial services group that helps people make their decisions easier and lives better. With our global headquarters in Toronto, Canada, we operate as Manulife across our offices in Asia, Canada, and Europe, and primarily as John Hancock in the United States. We provide financial advice, insurance, and wealth and asset management solutions for individuals, groups and institutions. At the end of 2022, we had more than 40,000 employees, over 116,000 agents, and thousands of distribution partners, serving over 34 million customers. At the end of 2022, we had \$1.3 trillion (US\$1.0 trillion) in assets under management and administration, including total invested assets of \$0.4 trillion (US \$0.3 trillion), and segregated funds net assets of \$0.3 trillion (US\$0.3 trillion). We trade as 'MFC' on the Toronto, New York, and the Philippine stock exchanges, and under '945' in Hong Kong.

Manulife is an Equal Opportunity Employer

At Manulife/John Hancock, we embrace our diversity. We strive to attract, develop and retain a workforce that is as diverse as the customers we serve and to foster an inclusive work environment that embraces the strength of cultures and individuals. We are committed to fair recruitment, retention, advancement and compensation, and we administer all of our practices and programs without discrimination on the basis of race, ancestry, place of
